KSV Graphics & Business Solutions, a digital marketing and advertising solutions business introduces you to the revolutionary and internationally recognized Digi-Cards™.

Digi-Cards™ are more affordable. Easy to carry. Cheaper to ship, store and package. More Capacity. Last Longer. Creates database and demographics.

A Digi-Card is a communication tool that looks like a high-end credit card. The cards contain a combination of exclusive access codes and a secret pin with which the user has direct access to information and/or content stored on secure servers.

The Digi-Card is a powerful marketing method because you can share all sorts of hosted material with users such as music, video, photos, ringtones, books, magazines, documents and so much more.

Compatible with pc's, mac's, smart phones, cellphones, ipods, ipads, laptops, blackberries and other devices in the market. Could be used as an event ticket, boarding pass, hotel key, VIP pass or business card.

All Digi-cards (download cards) include:

- Professional Card design
- Worldwide shipping
- Initial content upload
- Custom Download Site
- Back-end (data and demographics)
- Custom Entry widget
- 250 Mb - 2.5 Gb capacity
